ZION CANYONEERING HIGH ADVENTURE

— SINGLE DAY ITINERARY —

We will leave Springdale and drive the majority of the park and through the Carmel Tunnel which was carved out of the solid cliff face in the 1920's. Located east of the park on BLM land is Birch Hollow Canyon. You'll love canyoneering the perfectly sculpted fluted walls with its iconic chockstone hanging high above. We will hike down through the canyon and rappel 10 different times up to 100' high. This will take most of the day, so we will arrive back in Springdale in the evening.
