ADVENTURES

ZION WALKING TOUR

— SINGLE DAY ITINERARY —

We will leave Springdale and head in to the park and enjoy our first hike together up to Emerald Pools. This mild warm up is a beautiful loop trail that will take us along a single track trail, past waterfalls and pools of cool blue water all nesting beneath the massive monolith cliffs of Zion. Afterward we will drive up canyon and walk the gentle trail known as Weeping Rock. Water from the upper plateau has worked its way over time through the sandstone and emerging here, cascading into a waterfall and natural hanging gardens. You'll be amazed by the stunning views as we look back down canyon from this vantage point.

Following these hikes, we will stop for lunch at the Zion Lodge which sits in the park. After lunch we will drive to the eastern side of the park and through the Carmel Tunnel which was carved out of the solid cliff face in the 1920's. We will park here and walk along the Overlook Trail until we reach the stunning viewpoint. Afterward we will return to Springdale.

▶ **2 clients** \$250 ea. ▶ **3-4 clients** \$199 ea.

Price includes transportation, lunch, snacks, drinks, hiking pack
